For the best ice-cream and fresh, choice candies, go to Mrs. P. Yenni. A complete stock of stationery and novelty goods on hand, at prices to suit the public.

A. T. Skinner came up from San Francisco, Monday, spending the day here. He was accompanied by his brother, R. M. Skinner and C. O. Smith.

Mr. and Mrs. Adam Adler and family now enjoy the delights of a luxurious touring car of their own, the gentleman purchasing a five-passenger Hudson last week.

Misses Matilda Bacalla and Millicia Caminata and Messrs Berrie and Bacalla motored to Petaluma, one day last week, visiting with Mrs. A. Gilardi (nee Miss Jennie Tomasi).

Joe McMullin, a representative member of the staff of the "Golden Bear," who had been confined to his home for a fortnight with bronchitis, was able to resume school duties, Tuesday.

City Trustee Claude H. Johnson has been on the sick list, this week, suffering with tonsillitis. He has been able to be about, therefore is not receiving as much sympathy as he is entitled to.

Arthur Drake, former attaché of the California Telephone and Light Co., but who for months past has managed the home farm, near Modesto, renewed old and many friendships here several days this week, a guest at the Union.

Tuesday afternoon of next week, the ladies of St. Barbara's Guild will meet at the home of Mrs. Dora Stofen. The afternoon will be unusually pleasant, as the Guild ladies are to entertain on this occasion the Woman's Auxiliary of the Church of the Incarnation, Santa Rosa.

Major D. W. McNeal, M. M. London, Wm. Hamburg, Messrs. White and Ross, of Mission Parlor, San Francisco, were here last Sunday securing a site whereon to pitch tents for the accommodation of Mission Parlor's drill team and drum corps, insuring quarters during the June celebration.

Wm. Daly was here from the metropolis, several days this week, looking after his property interests. Sonoma claims genial "Bill" Daly, just as that affable gentleman reciprocates, with our city in the possessive. Home is said to be "where one's hat hangs oftenest," and "Bill" Daly's finds a Sonoma peg very frequently.

The Sonoma Ice and Brewing Company has made some very substantial improvements, which are about completed. A spacious office has been erected, and its neat furnishings include a fine, fire-proof safe. A splendid auto-truck has been put on for delivery service, which will give very effectual help during the season. The company is now in prime condition to handle a big amount of trade promptly and efficiently.

"No, nothing new," said Pharmacist James McElroy, the other day, "except that now I measure off more than a mile of string a month, whereas, three years ago, when I came here, yards were sufficient. Oh, no, not sales of drugs entirely—all lines of my stock in trade." Certainly, a good indication of confidence in the man who compounds prescriptions.

Large tract of land in southern Oregon now open for settlement. Good climate, rich soil. Irrigation unnecessary to raise crops. For large map and full information and instruction send \$1.50 to John Keefe, Corvallis, Oregon. Two years a U. S. surveyor and timberman. An opportunity to get a good, fertile, free homestead near small town and railroad.

Our popular young townsman, James Maffei, was the victim of an unfortunate mishap, Sunday morning. Jim was testing a new chisel, when the tool slipped, striking the young man in the left groin, piercing the flesh through to the muscles. Dr. W. B. Hayes, who dressed the injury, was somewhat regretful that he could not add to medical advice that of "Go-to-church, Sunday." As it happens, genial Jim is a church-goer.

At the regular monthly meeting of the Board of Library Trustees, held Wednesday evening, it was decided that the summer schedule of open hours—two to four-thirty o'clock, afternoons, and seven to eight-thirty o'clock, evenings—shall become effective June 1st, continuing until September 1st. It was also decided to place in the Library a volume of Donald Lowrie's "My Life in Prison," which has been requested.

Clarence M. Hunt and Wm. T. Calderwood, editor and publicity representative, respectively, of The Grizzly Bear, the official organ of the Natives—Sons and Daughters—of the Golden West—returned to Los Angeles, Tuesday. The gentlemen spent a week here securing data and advertising for a special Sonoma number, that of June, to which considerable prominence is to be given the big events of June 13 and 14.

Felice Rovai circulated a petition, last week, for funds to relieve the immediate necessities of the Menotte Allamano family, of this city, whose members had been seriously ill. It will be remembered that the stricken family suffered a sad bereavement in the death of Leonore, the six-year-old daughter.

Mr. Rovai met with liberal response, turning over as a result of his effort \$46. This amount, in conjunction with a \$35-donation from the Druids and \$25 contributed by the Catholic Ladies' Aid Society, proved a great help and was deeply appreciated by the family.

STAFF OF "THE GOLDEN BEAR."

WE PRESENT, with pride and pleasure, today, a group of attractive and interesting young people—students of the Sonoma Valley High School. These nine bright youths and young ladies comprise the staff of that splendid little volume, which for six years past has been a popular feature of the High School Commencement exercises, and a reflection of literary ability, genuine wit, and originality of thought on the part of the pupils who compiled and edited it. The seventh number of this publication—THE GOLDEN BEAR—is now in the hands of the printer, and the volume is replete with interesting reading matter. The personnel of the clever staff, as pictured above, is as follows: Central in the group is the capable editor-in-chief, Emery Ranker. On the extreme left faces Paul Thomson, business manager, with Joe McMullin, assistant business manager, on the right. Grouped around their chief are the associates. Miss Alea Franquelin, exchange editor, has place on his right, and Miss Gladys Simmons, dramatics, a position on the left of Mr. Ranker. Gus Dresel, debating, is pictured at the foot. Edward Regusci, athletics, is just a little below, to the left, of Miss Georgia Andrews, society editor, who smiles out from the top of the picture. Last, but not least, the witty writer of the josh department, Ralph Buchan, who is between Editors Ranker and Dresel, to the right.

A card received from Dr. Frederick B. Leix, dated Munich, April 21th, states, "Here is a beautiful combination of beer and art. Some of the finest paintings of old masters in the world. One of the finest castles, and one liter of beer, at the Hof Brau haus for twenty-six pfennig (six and one-half cents). We are here for one week."

Mr. and Mrs. Fuller P. Rochat took their departure, Thursday morning for San Francisco, where Mr. Rochat has accepted a permanent position as salesman in the retail furniture store of Moore & Johnson, on O'Farrell street. The young couple will occupy a comfortable flat, the handsome furnishings of which were a wedding gift from the young man's parents, Mr. and Mrs. E. Rochat. These young people have a wide circle of friends in this valley, by whom both are well and favorably known and their leaving our city is deeply regretted. We unite with other friends in wishing Mr. and Mrs. Rochat all sorts of good luck in their new venture.

BOYES' SPRINGS HAPPENINGS

(BY ART HICKMAN)

The ball game, that was scheduled to be one of excitement, proved very tame, for the come-back that was staged by Rudy Lichtenberg was anything but exciting. "Rudy" was at his best, and had the Artillery boys from the Presidio at his mercy at all stages of the game, and after piling up an eight-run lead, in the seventh inning, he retired, to make room for some youngster more anxious to hear the yells of admiration than is the modest Rudy.

It is to be hoped that, if the 9th Co., Artillery, should be called to the front, they will make a much better showing on the battle-field, than they did on the ball-field, and that their foe won't be as hard to take as were the Kenwood boys last Sunday.

There was nothing worth commenting upon, for the contest was too one-sided to be of interest, and when the boy got a sore arm from putting up runs for the local boys, the score, or rather, the farce was 48 to 6.

Mr. Jack Kelly, accompanied by his wife, have just returned from a very pleasant trip thro' the interior of the State. Combining business with pleasure, they vote the southern part of the State all that the most exacting might demand.

Mr. and Mrs. Jack (Landers) Stevens are just putting the finishing touches on their theatrical season.

They have been playing all winter under the wing of the Western States' Vaudeville Association, and

have the honor of breaking box-office records all over the circuit, especially at the Hippodrome in Los Angeles, where the Stevens' had the opportunity of grasping the nucleus of a wonderful sketch.

Having played in the southern city for ten weeks, they were about to depart for another, when the city became very much upset as to whether or not they should close up their segregated district. The intuition of Jack was very apparent, for he seized the opportunity for one of the biggest drawing-cards ever staged, and taking the local situation in hand, he scored big in a sketch by his own pen entitled, "The New Police Chief." The principal reason that it had such tremendous drawing powers is the fact that all sketches that deal with police circles have a tendency to ridicule such as the "Third Degree," "Within the Law," the "Argyle Case," and numerous others, but the wisdom of our Jack Stevens was too broad, and he took the situation from the other side, and wrote this as a boost to the police department, and, after being endorsed by the officials of Los Angeles, seats were at a premium.

The Stevens are to put this sketch on this Friday and Saturday, at the Rose Theatre, in Santa Rosa, which will finish their winter season, and all the inhabitants of Boyes will be overjoyed to see the Stevens family in their midst, and see the "Strongheart" home in Woodleaf once again occupied.

Nell Schmidt, the Alameda Mermaid has been engaged by the writer to appear in swimming exhibitions at Boyes' Springs this season. The opening date of her engagement will be announced later.

AGUA CALIENTE SPRINGS— AN IDEAL SUMMER RESORT

"Picturesque Agua Caliente Springs the Mother of the summer health resort business in this valley," so characterized by Thos. H. Baines, of El Verano, has earned the dignity in many other ways than that of being the oldest established.

When Mr. and Mrs. Theodore Richards came from San Francisco, fourteen years ago, to establish a home and business in the Banner County, and invested their capital in the favorite health and pleasure resort, it was with a determination to start with a solid, enduring foundation of respectability on which to upbuild a permanent and valuable possession. So carefully and unswervingly has this determination been adhered to by Mr. and Mrs. Richards, year after year, that they have succeeded in establishing for their property—beautiful Agua Caliente—the reputation of being one of the finest and most desirable health-renewing and pleasure-affording resorts in the State.

Theodore Richards is a business man of experience, keen perception and sound judgment, and has clung tenaciously to the belief that best and lasting results were to be obtained by conducting that class of resort which invariably appeals to the seeker of a refined atmosphere and congenial associates, in conjunction with other inducements; hence, he and his worthy wife have catered to people of this type, with the result that each succeeding season the same patrons are numbered among their guests and the length of the list steadily increases.

Tuesday afternoon, we enjoyed a drive out the valley, and a visit with the cordial hostess of Caliente. Mrs. Richards was still resting, endeavoring to recuperate from a very strenuous over-Sunday business. Among the guests entertained at Caliente, Sunday, were the members of the Somerset Social Club of Vallejo.

"During all the years we have been in business, this month of May has been the best ever experienced. March was good, too, unusually so. We entertained during each of its weeks never less than thirty guests, which is excellent for so early in the season," said Mrs. Richards, "and every indication points to a splendid season."

Many improvements have been made preparatory to a big season. The dining-room—which is done in white, is immaculate with freshly painted woodwork and kalsomined walls. Over three hundred guests may be accommodated in this inviting apartment, which is under the capable management of Miss Nellie Halloran, who has served in the same capacity during the entire Richards' conduct of Caliente.

The nineteen cottages on the place, which range from twelve and nine rooms, down to one room each, have been freshened, and other rooms, making in all two hundred and fifty bedrooms, renovated for the season's occupancy.

One of the best improvements in the fifty-foot extension added the dance pavilion, which now makes it second to none in the valley. The dance floor has also been enclosed.

At the baths, increased accommodations are afforded guests as a result of twenty additional private baths having been put in, and thirty dressing rooms built. The big tank, with its limpid, sparkling waters, is very inviting, and will become more so as the heated summer advances.

Commencing with the last week in May, the swimming pond will be brilliantly lighted, three nights a week—Tuesday, Thursday and Saturday—from seven-thirty to eleven-thirty o'clock, during which time King Sport will certainly hold the merriest and most healthful of revels.

At the baths, G. A. Rainey, scientific masseur and chiropractor, has hours from 9 a. m. to 5 p. m.

Thursday night of next week, May 21st, a grand ball is to be given at Caliente Springs, to which no admission will be charged, and a cordial invitation is extended the general public to attend. Special music is to be provided for dancing and four reels of Block's moving pictures will be a feature.

Tomorrow immense crowds will throng Caliente, for the famous resort will be the scene of the outing of the California Glove Co., Napa, and is to be attended by five hundred excursionists from our sister county. Baseball game, aquatic sports in tank, dancing, with music by a twenty-piece band, will be amusements of the day, which are open to the enjoyment of the public.

We, like others, left the peaceful retreat reluctantly. The hotel, with its ivy-covered walls, and wealth of trailing roses, is suggestive of restful repose, and as one lingers on the drive through the rose-embowered arbor, it is to congratulate Mr. and Mrs. Richards on possessing one of the most idealistic, delightfully situated, and most successfully managed resorts in California.

Black Point Cut-Off Survey.

From the State Highway Commissioners we have received information that an east and west paved highway of importance to all Californians and to tourists who come to the State, is taking form through the efforts of the California Highway Commission and the co-operation of Sacramento, Yolo, Napa, Sonoma, Marin, El Dorado, Solano and Contra Costa counties. The road will ultimately form a main artery across the central portion of the State, connecting Lake Tahoe with San Francisco, and materially shortening the distance to Sacramento from a large portion of the coast and the west side of the Sacramento valley.

A survey is to be made this month to determine the cost of a cut-off through Napa and Sonoma counties for an airline road into Sausalito, thereby shortening the distance into San Francisco. This cut-off also serves to open the fertile Napa and Sonoma valleys, and forms a delightful "around-the-bay" scenic tour, on which are possible visits to Napa and Sonoma resorts, the Petaluma poultry industry, and the Russian river country. It will prove a factor in facilitating communication with the points along the northern California coast. Marin, Napa, and Sonoma counties agree to contribute cash bonuses, totalling \$175,000 to offset the extra cost of constructing the proposed cut-off.

CONSOLIDATION OF RURAL SCHOOLS

Situation Here Ideal for Consolidation --- Watmaugh and Flowery Districts Could Easily Unite With Sonoma

[Contributed.]

It is a matter of common knowledge that there is dissatisfaction in every part of our country with the work of the small rural school. The one teacher rural school is unable to make much, if any, progress in curriculum, or methods of teaching, and the all-important school spirit is often entirely lacking. This is due, without doubt, to the disadvantage under which the small district school necessarily labors.

The typical city, or consolidated school, has everywhere followed the plan of placing a large number of pupils in one building. They can then be grouped according to their age development, and pupils who have the same needs, and are capable of the same grade work, can be taught together by one teacher, who, in most instances, is better able and surely has a much better opportunity than in the rural school, to teach the subjects required in a thorough and interesting manner. Any teacher who is compelled to teach a number of pupils, ranging from six to sixteen years of age, scattered, in many instances, through all eight grades of the grammar school course, can not do efficient work in any one department; and this is the chief difficulty in the small rural school.

The graded city or consolidated school, has, in most places, been provided with an equipment essential to good work and up-to-date teaching, which is impossible in many ungraded rural schools. Furthermore, the large graded school is able to secure comfortable and hygienic conditions for pupils, which is rarely the case in the one teacher country school.

Most of all, the large school is able as a rule to attract teachers who have had considerable training and experience, are well prepared for their work, and who have those personal qualities so necessary for successful teaching.

The good country school teacher naturally finds her way into the larger schools, and then the small district school, in many cases, is forced to employ the inexperienced and untried teacher.

It is useless to expect that a school of twenty or thirty pupils of all ages and grades, with very slender equipment in books, apparatus, etc., and often with an inexperienced teacher, can do work up to present day standards. And it is for this reason, that men who have made a study of rural schools are urging consolidation as the first and chief requirement in the improvement of the country school. This work is being very successfully carried out in many of our eastern states, especially in Ohio, New York and Wisconsin. The work is in its infancy in California, but the opportunities for its advancement are great, and in no place is the opportunity better than here in our own locality.

Sonoma will soon have its new, modern school building, with every facility for effective teaching—a building properly lighted, heated and ventilated, with every attention to the comfort and health of the child. The state law now provides that a district may use from its funds, fifteen cents per child per day for the transportation to and from school of those children having long distances to come, when consolidation has been perfected.

With the addition of Witmaugh and Flowery districts to Sonoma their children would have all the benefits of a large, graded school, with the comforts and conveniences of a fine, modern building, to say nothing of the greater school spirit, more interest in athletics, more practical courses, such as manual training and domestic, and, in general, a broader and deeper interest in school work and school activities that would carry them into High School and other higher courses, giving them a stronger grasp on

the things of life and the things that make for success. Both of these districts are much in need of new buildings, and judging from the experience of Huichica and Tule Vista, the former having a bond tax rate of forty-eight cents and the latter of forty-four cents on the hundred, new buildings come high for small districts.

But with these two districts added to Sonoma district, the bond tax of twenty-eight cents, now on Sonoma for the new building, would be cut to about sixteen cents on the hundred and all three districts have the use of a fine, big school, to which the children living at a distance would be transported free of cost to them.

Think this over, people of these districts. It is not a mere theory, but something that has already been worked out in many localities, and in not one instance have they gone back to the old system. It is a forward movement in the great cause of education.

BASEBALL NEWS

(EDITED BY KENNETH WOOD)

Tomorrow afternoon, at 2:15 o'clock, the Sonoma team will line up on the local diamond with a San Francisco nine. The contest should prove a hummer, as the home boys are anxious to repeat last Sunday's performance, when they shut out the Monarchs, 9 to 0.

Al Jan-en and Fritz Helberg held the Indian sign over the Oakland boys, while the home guard ran up a total of nine runs. Five of these came in the fourth frame, and four in the eighth.

Sonoma played good ball, making but one error.

Score:	R	H	E
Sonoma	9	9	1
Oakland Monarchs	0	2	5

Batteries: Jansen, Helberg and G. Block, Garcia and Smith.

Irving Smith, of St. Mary's College, did the catching for the Monarchs. Smith is well-known here, having played with the local team two years ago. He got one of the two hits allowed by Helberg.

Short-stop Evans and center-fielder Ness could not hit safely last Sunday. This reduces their batting averages considerably. Meanwhile, Jansen, who slugged out a home-run, with two men on bases, is nearing the head of the list.

A feature of the game was the work of the Monarchs' out-field. The Sonoma in-field did some classy fielding, when the visitors had men on the bags.

Be still, you knockers! and cease your chorus;

You would feel much better, if you were for us;
Why not get wise, and boost the club?
Don't be a sore-head Henry Dubb!
You crabs make the home boys weary.

Comings and Goings of Town Folk and Friends--- Functions Past and Anticipated---Feminine Gossip

My lady friends--you who comprise the membership of the several Aid Societies--Congregational, Methodist Episcopal, Catholic and Episcopal--I ask your attention for a moment, to offer a suggestion that may not have occurred to you--the serving of lunches on June 13 and 14. The Woman's Club will do so, of course, but the best service these energetic ladies and local hotels can provide will be entirely inadequate to serve the multitude. We have invited many hundreds of visitors to our valley on those days, and we owe it to our guests the assurance that our hospitality is lavish. The resorts will help out wonderfully, to be sure, but it must be remembered that June is one of their busiest months, with a large influx of guests, irrespective of special celebrations. Therefore, a very serious consideration is the housing and feeding of the stranger within our gates. Don't serve hot lunches either day, because of the time consumed, and excessive labor demanded, with unsatisfactory results at best, because of the wearisome wait. Prepare endless quantities of sandwiches, cakes, pies, dozens and dozens of hard-boiled eggs, more dozens of rolls, immense panfuls of salads--all of which appeal to the palate, admit of quick and satisfying service. This, too, leaves no work over hot stoves, save the preparation of tea and coffee--both of which will be consumed in immeasurable quantities, taxing the capacity of every available heating apparatus. Milk?--the last consideration, because of distinct importance. A special milk depot should be provided--not in the open, to disgustingly draw flies all the day long, but indoors, where weary mothers, with fretful little ones, may be refreshed, and visitors, in general, can enjoy a glass of milk, served cold and appetizingly. No measure of hospitality extended will be accorded the appreciation that would be given an abundant, milk supply, served under hygienic conditions.

Lest we forget, with all the chat I have for you today, I want to remind you that tonight is the date named for the Benefit Dance, to be given by the Boys' Band, at Union Hall. I ask you, moreover, to attend this party, too, encourage this bunch of Sonoma boys to hold together, and help them uniform their organization. On many occasions, these young people have contributed gratuitous services, and when an opportunity is offered to reciprocate, I believe we should strain a point and forego other anticipated pleasures to further the success of worthy home effort. I'm very, very sure all of my readers entertain my views, and every dancer who reads these lines will be seen on the floor of Union Hall tonight.

Mr. Otto Rufus, whose charming suburban home is one of the most delightfully situated and best-kept in the valley, proved a royal host to a merry party of young people, Friday night of last week, by placing at their disposal his comfortable domicile. The affair was just the jolliest sort of an event, with music, games, dancing and the daintiest of refreshments, served most appetizingly, to form the pleasant diversions enjoyed by the young men and the bevy of lovely girls, who unanimously voted Mr. Rufus a

veritable "Prince Charming." The party were motored to and from the Rufus residence, by Mr. Robt. Hart, in his six-passenger Hudson car. Those present were: Misses Matilda Bacala, Annie, Rose and Josephine Caminata, Elnor Kehoe, Kate and Delia Marmor, Martha Landsgraft of Sonoma, and Miss Millie Caminata (who is here from Oakland); Messrs. O. Rufus, James and Will Kehoe, Ed Brubeck, Dick Vernon, Oscar and Chester Studley, Percy Carmer and Cunningham.

Fairy May yielded from out her lapful of foliage and bloom a wealth of fragrant sweet peas to add to the attractiveness of the beautiful Simmons home. Thursday afternoon, when its gracious hostess entertained the Bridge Whist Club. As usual, the indulgence of the favorite pastime was thoroughly enjoyed by the ladies, the refreshments served including luscious strawberries adding greatly to the pleasure of this afternoon. An exquisitely embroidered pincushion was awarded Mrs. Henry Wicker, who held highest honors.

The lovely suburban home of Mr. and Mrs. Philip Bill, Sr., was the scene of an enjoyable gathering, Sunday of last week, when they entertained a lolly party of young people from San Francisco, Napa, Mill Valley and this city. During the afternoon, Mr. C. Groskoff took the young people for a motor ride through the valley, refreshments being served on their return. The guests included: Mr. and Mrs. L. Gerhardt and children, Mr. and Mrs. Wehr, Mr. and Mrs. L. More, Mr. and Mrs. Philip Bill, Jr., Mesdames Heinze, Wm. McElroy, G. Wehr and O. Cochard; Misses Louise, and Anna Estelle Bill; Messrs. J. C. Philip and George Krausgill, Henry Bill, C. Gerlach, and little Florine Bill.

Wednesday afternoon, the Ladies' Aid of the Congregational Church, was entertained at the Shaw residence, the hostesses being Mrs. O. B. Shaw and daughter, Miss Anna Pemberton, and Mrs. J. C. Scholten and daughter, Miss May. The occasion was the annual meeting of the society, with a presentation of the yearly report, and election of officers. Mrs. H. S. Appleton was re-elected president; Mrs. O. R. Wagner, vice-president; Mrs. S. P. Woodworth, treasurer; Miss Anna Pemberton, secretary. This is the ninth term Miss Pemberton has officiated in this capacity. The entertainments of last week netted the Aid over eighty dollars, and the forty-two ladies present expressed satisfaction at the result of their efforts.

With the closing of the University of California, Thursday of last week, Miss Emily Poppe returned to her home in Sonoma to spend her three-months' vacation with her parents. At the entertainment at the Don Theatre, Saturday night, Miss Poppe appeared for the first time as a vocalist. Her voice--very nicely cultivated, by the by--is sweet, pure and true, which combined with the charming naturalness of the singer, made her numbers delightfully pleasing.

Mr. and Mrs. H. John Sholder (nee Miss Bernice Small) came up from San Francisco, Saturday night to enjoy a brief home visit with the family of the happy little bride.

Mr. and Mrs. Lee Simmons and little son were guests of Carlos Emparan, Sunday. Mr. Simmons is assistant train master, Southern Pacific Company, at Oakland.

Milton McGimsey has returned to his home in the Sacramento Valley, with the assurance that his wife--who underwent a very critical operation at St. Francis Hospital, San Francisco, last week--is progressing favorably.

Mr. and Mrs. F. T. Duhring, Mrs. M. T. Stearns, Frederick and Stephen Duhring spent the week-end out of town and, on Saturday last, enjoyed Class Day at Belmont, where John Duhring is a student. The exercises continued throughout the day and were decidedly interesting, consisting of military manoeuvres, sham battle, dancing and the enjoyment of lunch served under the trees. Frederick Duhring, a student at Berkeley University, has accepted a position in the Testing Laboratory, of the Southern Pacific Railway Company at Sacramento, during his summer vacation.

Mrs. J. H. Murray, who for the past four weeks has been very ill, is steadily improving, and with her legion of friends, I hope her convalescence will be rapid and permanent. Mrs. Murray is greatly missed from club and social activities.

Miss Nancy Bates, on her week-end home visit, brought the pleasant news that her aunt, Mrs. Clarence Nauman, is rapidly recovering from her recent severe illness.

BIG DONATIONS COMING IN

Thursday night's meeting of the Committee of Arrangements for the big June celebration was the most enthusiastic yet held, as Ex-Mayor M. E. Cummings, chairman of the Soliciting Committee, reported huge success with that end of the work, which he has taken hold of with a will and the determination to raise the necessary amount and something to spare. One thousand and sixty-five (\$1,065) dollars contributed up to date--think of it! None of the outlying valley has yet been canvassed, nor have the resorts, which are always generously responsive, been approached. A large number of local business men have not yet been called upon, hence it is reasonable to assume that the sum total will reach gratifying proportions.

The contributions to date are as follows:

It was decided to expend \$500 in street illuminations, and the contract was awarded electricians so that work of placing in position the seven hundred and fifty incandescents will at once be commenced.

For decorative purposes, \$300 is to be expended for flags, bunting, etc. One of the schemes planned is to run stringers of flags with the lights.

It was decided to expend \$200 in the purchase of fireworks, and also to lay in the plaza a dance platform, 60x80 feet in dimensions. Ground will be set aside for the convenience and accommodation of autos.

The gentlemen in charge of the parade will endeavor to arrange for a night turn-out as well as day display. This would certainly prove a splendidly attractive feature.

The contract for placing in position the big rock, upon which the monument is to be placed, was awarded W. K. Crist, of Santa Rosa, who is to have the great rock in place by June 1st.

Five hundred invitations were sent out last night to Native Sons and Native Daughters' Parlor, throughout California to be present on this occasion.

City Trustees in Special Session

A statutory meeting of the City Trustees was held last Monday for the purpose of canvassing the votes cast at the special election held on May 4th for the purpose of determining the question whether the City of Sonoma shall retain its powers of control of certain public utilities or surrender them to the State Railroad Commission.

After canvassing the votes a resolution was introduced and carried that the control of the city's public utilities be now vested in the State Railroad Commission, in accordance with the will of the people, as expressed at the polls.

The Board then adjourned to meet Tuesday, May 12th.

The Board met in adjourned session last Tuesday evening to consider the matter of street lighting or any other business that might come before the meeting.

Present, Trustees Dal Porgetto, McDewitt, Von Hacht and Breitenbach, President Von Hacht in the chair, and Trustee Breitenbach acting as Clerk pro tem.

After a short discussion the matter of street lighting was laid over until next meeting.

The bond of City Clerk Gottenberg was approved.

On motion it was decided to call for bids for sprinkling the streets, bids to be opened on Monday, May 25th.

It was also ordered that sections 2 and 3 of ordinance No. 189 be legally printed in the official newspaper and that 100 copies of the same be printed.

Fifty dollars was appropriated towards advertising Sonoma in the June issue of the "Grizzly Bear."

On motion it was decided to notify property-owners on Broadway street from Napa to Washington streets to put in their curbs and gutters.

President Von Hacht was authorized to appoint Al. Miller City Poundmaster.

The meeting then stood adjourned.

Steve Griffith, who has been the guest of his parents, Mr. and Mrs. Al Griffiths, for the past two weeks, returned to the St. Francis Hospital, San Francisco, Tuesday, accompanied by his father. Many friends will be glad to hear that Steve is getting along nicely, and will soon be able to return home.

Mrs. Jacob Schumacher and Adolph Rubke were the guests of Mrs. Arthur Batto, Tuesday.

We understand that the vaudeville fever has struck peaceful Vineburg, and that a comedy team, to be known as "Jackole and Bolingo," the Vineburg midgets are in active rehearsal in a pretty little playlet entitled, "Nobody Sees Us Now." The cute little artists expect to be head-liners at John Piccetti's opera house in the near future. Patronize home industry, John.

Mr. and Mrs. Edward Fields were guests at the John Batto residence on Monday.

Jesse Burris, of the Sonoma Valley Bank, was a Vineburg visitor Wednesday afternoon, noting the many improvements in this part of the valley, which was at one time his home.

The Vineburg boosters held an important meeting, Wednesday evening, and after a very exciting and long discussion, it was unanimously agreed that, if the State Highway Commission does not run the highway down "Goo-Goo Avenue," the Vineburg boosters will drill a tunnel through the mountains between Sonoma and Napa Valleys, and have a little highway of their own. They have enough of money in the sinking fund of the club, and they know how to sink it. Leave that to the boosters.

SHELLVILLE

Mr. and Mrs. Jos. Keechler of McGill's enjoyed a visit from San Francisco friends Sunday.

Wm. Jacobson and Miss H. Johnson were guests of Mrs. E. Steddom last Sunday.

Mrs. A. Marcucci and daughter made a business trip to the Bay City Saturday.

After a delightful visit at the home of Mr. and Mrs. Ernest Arbogast of this place Mr. and Mrs. O. T. Reynolds returned to their home in Fairbanks, Alaska, one day this week.

Arthur McGill was among the many visitors in Sacramento last Sunday.

Mrs. Howard Knight and little daughter were greeted by many Glen Ellen friends recently.

The San Luis and Tule Vista schools held their annual picnic at Levaroni Park on last Saturday. There was a slight sprinkle of rain just before the merry party reached the grounds, but the clouds soon gave way to sunshine and both young and old had one good time. Huge baskets of "cats" were one of the main attractions. Evidently Mr. and Mrs. Chas. Potter knew what youngsters like most and supplied them with ten gallons of none-such brand of ice cream and everybody was happy.

HAPPY JACK.

EL VERANO

Henry Brunner, formerly at the El Verano Villa, has accepted a position at the Villa Savoy here.

H. Baines had an auto party to Rio Vista Saturday and Sunday last.

George Stikle of the Union Hotel, Sonoma, was visiting here Sunday night. George usually shows some class in the latest fashions.

E. A. Dowd, who recently purchased a residence at this place, was visiting his old home in Alameda the latter part of the week.

A. Block, proprietor of the picture show here, is continually gathering larger attendance, and if things keep up it looks like he will have to run his show faster to satisfy the public demand. There's a reason--a good show.

BUENA VISTA

Miss E. T. Atlee has just recovered from a serious attack of spring fever. We are glad to tell that she is able again to take up her work of reporting the doings of the local society people.

O. Schuhmann, who is erecting a large hotel here, was visiting in San Francisco several days this week.

Mr. and Mrs. Ogriner, of the metropolis, were visitors here this week. Mrs. Ogriner has recently recovered from a severe illness.

If complications with Mexico should reach the climax, Buena Vista will probably lose one of its foremost society men, H. Hener, who is a former captain of the Swiss navy, is holding himself ready to volunteer for service at short notice. We hope this will be unnecessary.

Mayor Schaefer and wife with the Buena Vista quartet, gave a surprise party to Mr. and Mrs. A. Kerner, at the latter's beautiful home on Tuesday evening. Mrs. Geo. Wolf, our Mayor's secretary, gave a lecture on poultry raising, and with a few selected pieces the quartet helped to make the evening a success. Those present were: Mr. and Mrs. Kerner, Miss Helen Kerner, Mrs. Colli, Mr. and Mrs. Schaefer, Messrs. Wolf, Carl Baltisberger, John Gross and Buena Vista Caruso.

To Easy Jim, Vineburg: Dearest Jim: In last week's paper, the Vineburg postoffice, station, etc., in fact the whole town was to be moved to Buena Vista, corner "Grape Juice Avenue and Advent Way." You are mistaken about the names; sir. A grape juice avenue does not exist on our way. The nearest to it is Bryan avenue.

A Sad Fatality.

The unfortunate ending of the life of John, only son of Mr. and Mrs. Michael Gough, caused deep regret among the people of this valley, to whom the Goughs, as Sonoma pioneers, are well and favorably known.

While there is a possibility that the young man's death was accidental, yet at the inquest held on Saturday, the coroner's jury decided that death was the result of suicide; intent, while deceased was laboring under temporary insanity. He had been in ill-health for some time, of so severe a nature that his mental faculties became impaired as a consequence. Saturday evening, Mr. Gough drove to the station to meet his daughters, and during his absence, his son either jumped or fell into a fifteen-foot excavation, from which water is pumped for irrigation purposes.

John Gough was a native of California, aged thirty-eight years. The funeral was held Sunday afternoon, at one o'clock, from St. Francis' Catholic Church, many sorrowing friends of the family assemblage to pay a last tribute to their dead. The interment was in Catholic Cemetery, where the resting place of the peaceful sleeper was covered with a pall of beautiful flowers.
